DONATE STOCKS

Making a gift of appreciated securities is easy and may offer additional financial benefits – be sure to consult with your financial counsel when considering a gift of stock. To transfer stocks directly from your brokerage to Speare Memorial Hospital, ask your broker to notify us of your donation. The donor's name does not always appear when stock is transferred electronically, so it is important to alert our Development Office of your transfer. Doing so will allow us to record your gift in a timely manner and assure that the gift will be used as you intend.

Information for electronic delivery of securities:
